

Northwestern Middle will no longer be using Teacher Web as our class web site source. Our new web pages are now set up through Moodle. Moodle is similar to Teacher Web. You can view announcements, homework assignments, and view class documents or notes. There are some changes, each student must use his or her Novell user id and login password in order to see their teachers' pages. Parents must use their student's login information. All teacher pages should be up and running beginning Sept. 2, 2008. Teacher Web will then be discontinued.

How to get to Moodle:

1. There is a link on the NMS website. Go to Teacher Pages and click on Moodle.
2. Use the web address <http://moodle.zacharyschools.org/>

How to see your teachers' website:

1. Click on the link that has your team of teachers. Example- "Team 6A"
2. All of the links to your teachers' sites should be there.

How to log in:

1. Type in your user name
 - first initial last name year of high school graduation (all together, no spaces and do not include the .s): example jsmith2013
2. Type in your password
 - first initial last initial last 4 digits of your social security number (all together, no spaces) example: js1111
3. Enroll in the class
4. Students update your profile and put in a workable email address
